Customer Reviews

I very much liked the alternate chapters of the author's experiences in the D. R. in the 80's with its history from the time of Columbus to beyond the U. S. Interventions. Anyone who has been there or is going there will have a much greater appreciation of the place. This book was particularly good at satisfying my curiosity about the country's very rocky political history. It was a great read.

The prose wasn't fantastic, but I read this book straight through. It's a must read for anyone wanting to dig a little deeper into the DR - a fascinating look at DR in the 1980s. Thanks for writing this book and sharing your experiences.
