Megillat Taanit As A Source For Jewish Chronology And History In The Hellenistic And Roman Periods, By Solomon Zeitlin ... (Danish Edition)

Synopsis

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Customer Reviews

As the product description states, this is a scanned reproduction of the original text. It actually transferred over quite well, with the exception of one page. Page 63 is a blurry, indecipherable mess. Luckily, google books has scanned (most of) this book in to their archives, and page 63 is one of the pages that appears. I simply printed that page out, and stuck it in to my book. With the exception of this one hiccup, this book is worth the purchase.
