Politically Correct Bedtime Stories

Synopsis

In a collection guaranteed to provoke both laughter and thought, 14 timeless fairy tales are revisited and reworked to become relevant fables for more modern times. These hilarious adaptations satirize and sanitize the sexist, racist, nationalist, ageist, sizeist, ethnocentrist, and phallocentrist biases of classic bedtime stories. Familiar exploits of beloved characters are related from a respectful, prejudice-free perspective: the Emperor is no longer naked in his new clothes but is endorsing a clothing-optional lifestyle, • Snow White escapes to the cottage of seven vertically-challenged men, • and Goldilocks is an ambitious scientist studying anthropomorphic bears. With a redesigned jacket and a previously unpublished story, this expanded edition is sure to appeal to readers of multiple generations who find political correctness is as topical as ever.

Book Information

Hardcover: 112 pages

Publisher: Souvenir Press; 2 edition (April 1, 2012)

Language: English

ISBN-10: 0285640410

ISBN-13: 978-0285640412

Customer Reviews

I had the pleasure of reading this one when it was first published in 1994 (now keep in mind, that was not that long ago...this is important). At the time I found the book to be hilarious. The author has taken a collection of some of our favorite bedtime stories, fairy tales, if you will, and rewritten them to make them "politically correct." Some of the stories the author has modified are Little Red Riding Hood, Chicken Little, Rumpelstiltskin, The Billy Goat Gruffs, Cinderella, The Frog Prince and Jack and the Beanstalk. There are more, but this gives you some idea of the content. I recently reread this work. My, what a difference. While I still enjoyed the stories, I found them to be not quite as funny as I did during my first reading. I also read quite a number of the reviews that are posted here

addressing this work, many of which are quite good, several drew different conclusions, and some were written by the clueless. I thought and thought on this matter, wondering why I did not snicker the same as before, then I realized....I, and apparently many others, have become completely or partially desensitized! It is not the author's fault, it is our fault and the fault (if fault it indeed is) of our society! What was simply funny in 1994, the satire used at that time, simply does not work as well today as it did then because so much of what was satirized at that time, has now become reality. We are use to the words "logically challenged" rather than simply "stupid." We actually have become the thing that the author was satirizing! This, for me, makes this book extremely interesting!The author has done a very nice job of lampooning our politically correct society. As pointed out by several reviewers, yes, the author is indeed trite at times.
