Exposing The Real Che Guevara: And The Useful Idiots Who Idolize Him

Synopsis

The perfect conservative contrast to the upcoming movie about Che. Hollywood, Madison Avenue, and the mainstream media celebrate Ernesto "Che" Guevara as a saint, a sex symbol, and a selfless martyr. But their ideas about Che – whose face adorns countless T-shirts and posters – are based on the lies of Fidel Castro's murderous dictatorship. Che's hipster fans are classic "useful idiots," the name Stalin gave to foolish Westerners who parroted his lies about communism. And their numbers will only increase after a new biopic is released this fall, starring Benicio Del Toro. But as Humberto Fontova reveals in this myth-shattering book, Che was actually a bloodthirsty executioner, a military bumbler, a coward, and a hypocrite. In fact, Che can be called the godfather of modern terrorism. Fontova reveals: – How he longed to destroy New York City with nuclear missiles. – How he persecuted gays, blacks, and religious people. – How he loved material wealth and private luxuries, despite his image as an ascetic. Are Che fans like Angelina Jolie, Jesse Jackson, Carlos Santana, and Johnny Depp too ignorant to realize they've been duped? Or too anti-American to care?

I am always amazed when I see the faces of Mao or Che Guevara on clothing or posters by those free spirits who imagine that these men would do anything but kill them for their social and political views. On page 16 of this book the author recounts how Henry Gomez made a t-shirt to counter all

the "Che Lives" shirts floating around. His said "Che's Dead - Get Over It". Carlos Santana saw it and came over to berate him (never mind that Santata's brand of music was banned in Cuba by Guevara). Santata said, "Che may be dead for you, but he lives in our hearts ... Che is all about love and compassion." They then exchanged points. Santata's were based on fantasy and Gomez in fact. In the end, Santana said what one would expect, "You're getting hung up on facts, man." Wow. This book recounts Che's murderous role in the deaths of more than 10,000 people after the Cuban revolution. Just one story of horror involves a mother pleading for the life of her boy directly in front of Che. He listened, thought, and then picked up the phone and shouted a command for the boy to be taken out and shot immediately. He had no respect for the law. It was a bourgeois detail that impeded the revolution. When one official pleaded for a trial before a sentence of death was passed, Che shouted that the man could conduct his trial tomorrow, but that the execution had to be conducted tonight. Even when there were trials, they were just for show with the sentences already noted on the form prior to the trial. There is much of this. That so many on the left, including many American media outlets (such as the New York Times, Time Magazine, Life, and many others), helped Castro and Che come to power should still be a matter of shame, but is never mentioned anymore.
