Synopsis

Don't want to get a job? Is that what I heard? You can start your own business like Mark Zuckerberg. Anyone can do it, anyone at all, But it won't be easy; most start with a crawl. A simple idea inside of your head, Until it's so strong it keeps you from bed. Up thinking all night, about making it real, And all of the fun, how good it'll feel. If you keep up your faith, lock your eyes on the prize, And travel the road, all the lows and the highs, Success will find you at some point, I'm sure. Don't believe me? Just ask any entrepreneur! The perfect gift for the recent grad, this book will give them all the advice they never learned in school and prepare them for life in the real world. Tony Carter's newest picture book for adults is based off of Dr. Suess's Oh! The Places You'll Go! Funny, sharp, and full of good tips for graduates, this book also comes with several blank "Autograph" pages at the end to act as a guest book for grad parties or for use as a yearbook. *Also available in a clean version titled, Oh, The Things You Don't Know!*

I am giving this book 4 stars only because I didn't read it all the way through. I bought it as a college graduation gift for my cousin's son. I put his gift card in the book. He opened it, and began to read it and had a group of people around him cracking up laughing! There is profane language, but that's part of the fun.

Bought two copies as graduation gift... I've already received calls that it's a lite spirited manual to the heavy realities of living life as an adult in the real world. Lol. They can say they entered without

'knowing' now. Lol lol. Nice conceptually and appropriately support by illustration, graphics and overall book quality. Grab a copy!!!

I loved it!!! It was funny and witty.

This book is hilarious and everything in it is so so true! LOL It's the perfect gift for a graduate, a friend, or just buy one for yourself! Regardless, whoever gets this book will NOT be disappointed...any grown up would appreciate it. The author is a genius!

It's a cute concept and the poetry is whimsical and irreverent, but the book is so poorly printed and some of the pages are so dark so that the print on those pages is illegible.

It was a great gift for a graduate. The book is hilariously funny and true! I wish someone told me these things when I graduated.

Hilarious! I bought a few of these for my friends' high school graduation and they loved them.

Cute! A very important area to raise awareness about :) Good job.
