Introduction To Advocacy: Research, Writing And Argument (7th Edition) (University Casebook Series)

Synopsis

This overview of the use of litigation in dispute resolution is particularly well-suited for use in an introductory lawyering course. It instructs students on efficient preparation, proper form, and effective presentation of arguments. Content covers interpreting facts and developing core theory, legal research, writing a legal research memorandum, writing a brief, and oral argument.

Customer Reviews

I have no real complaints, this has been a mostly-interesting and informative book. I am not 100% sure why I am taking off a star except that something about the book makes me feel that it could be just a little bit better. A few parts are a little dull (but that's no surprise it's a law book) and a few things are worded a little strangely, or clumsily, but ultimately it's a sharp, easy read that has been informative and fulfilled its purpose.

The price was much better than in the bookstores. The book was new. The delivery was fast. Thank you all.
