I received it and it was okay. it had post-it notes from the last user and some writing but nothing too bad. I forgot to return it by it's due date, typically just charges me an extension period if I forget but instead they charged me \$202 for the book. I called and they said there was nothing they could do and that the book was mine now and was free to sell it back since they have a trade-in program. I tried that but they offered me \$15 dollars for a book they just charged me \$200 for and they sell it for \$75 brand new-retail.

I needed this book for my Constitutional class, it arrived just in time for our readings. This book explains a lot about the Constitution and I learned a lot. I recommend this book to anyone, it's

important to know the Constitution and Law!

Totally impressed wit this product. Honestly!!!! Went to vol store to purchase one and it was over 200\$ I never expected to find this cheap... I was hesitant to order because of the price... I figured it would be in horrible shape with missing pages or writing all in the book... NOT THE CASE AT ALL!!! This book looks like it has been used maybe four or five times max..... Five stars all the way.... Two thumbs up..... I can't stress how happy getting this book has made me.

I thought law was too boring until I read this book. I used it for my constitutional law class, which was my first law class, and it was awesome. I was able to find everything I needed for the class and more. This book is definitely a keeper for those involved with cj or law. Moreover, even though is black and white (no pretty pictures or diagrams) the book keeps you engaged.

This book originally cost up to 200 bucks and I got it for 70. Its used and the condition is wonderful, not only because it said minor wear but it really doesn't have any. Everything is intact and it looks good in the inside just like the outside. And I got in just in time before my reading of my class. I got this book in less than a week. Once I ordered it, it was being shipped the next day so its convenient to buy from this seller because they ship everything right away. No need to pay extra for shipping.

i enjoyed this book during a CrimJustice course. It isn't too in-depth but does have a lot of good information and is a good refresher for anyone who deals with con law situations.

I need this book for school and I was pleased with it. It had very good explanations, a little bias in some views, but overall a very detailed and interesting book.

Good Read. I though it was a good book and it was the best text book that I have this year
