HOW TO PLAY PICK'EM		
In PICK'EM POKER, you only need four cards, as shown in the picture above. There are two cards on the left (the "Deal" cards) and two cards on the right (the "Pick'em" cards). Your choice is always between the two cards on the right. Each of these two alternative cards represents the top card of a deck of three cards. The two alternative cards in each deck are the two cards on the left. When you pick one of the two cards on the right, the two hidden cards are turned over to give you the completed 5-card hand. One word of caution! In earlier video games, you have the opportunity after you have held a card to "switch" it simply by pressing the 4860 button a second time. You do not have this opportunity in PICK'EM. As soon as you press one of the two alternative cards, the game is immediately completed. PICK'EM is a "House or Better" game with a pay-off table as follows (using a payout of 2 to 1): *Pick'em Poker is a registered game and trademark of Bally Gaming, Inc.
