Personal Injury & The Law Of Torts For Paralegals, Third Edition (Aspen College)

Synopsis

Personal Injury and the Law of Torts for Paralegals is a basic textbook for the paralegal torts course, emphasizing personal injury and medical information useful in litigating torts cases. It provides paralegal students with the foundational information on torts and to teach them how to apply the skills they will need when working as personal injury paralegals. New to the Third Edition: Recent developments in the law incorporated through new examples throughout the text More assignments that reflect practice in the workplace, such as documenting damages and preparing trial exhibits More exercises included in every chapter Expanded coverage of Duty to Act in Chapter 2 More on the differences between agents, employees, and independent contractors in Chapter 6 *Renzi v. Paredes*, pertaining to loss of chance in medical malpractice law, added to Chapter 8. More on Easements and Adverse Possession in Chapter 10, including a new sidebar on when Trespassing to Land becomes Adverse Possession New sidebar on Stand Your Ground laws included in Chapter 11 Expanded coverage of public nuisances in Chapter 13

Customer Reviews

So far very helpful. I was hoping that there were actual forms in it. However, they did have the intake form which is very critical in any case, especially personal injury cases. I am happy with it.

This is the best torts book out there for a paralegal program. I'm actually re-writing my entire torts curriculum based on the format and content of this book. I love how the intentional torts discussion is laid out with an analysis of each separate element. I am going to use the book in my litigation

class too because there is an entire section on reviewing medical records. The appendix in the back with all the medical abbreviations is so helpful for those of us without a background in that area of law. This is a fantastic book that I would highly recommend!

This publisher needs to get authors that know how to write. Been forced by the school to buy these books and each one of them is bad.

Came just as posted. No marks. Good shape. Content looks good also. Will be utilizing this book a lot . Great purchase

Great! but it would be better with a disk of forms...
